

Key:	
7.25m	Road width from OS base map
7.25m	Road width checked on site

Alternatively, widen carriageway on southern side and re-design island to provide 2-stages cycle crossing

New informal cycle facility to join with existing shared pavement - crossing to be provided at existing dropped kerb location pending visibility to be checked on site

Remove traffic island and lamppost

- General Notes**
1. Design is indicative and needs to be checked against topographical survey as OS base map dimensions do not seem sufficiently accurate.
  2. The delivery of this drawing in electronic format shall not be construed to provide any authorisation or right of the recipient or any other person to rely upon, alter or otherwise use the information provided. Any use of this information is at the sole risk and liability of the user and Sustrans assumes no liability for unauthorised use of alteration of the information contained herein.
  3. These drawings have been produced under the CDM 2015 Regulations. The client is directed to their duties under Regulation 4 of CDM 2015.
  4. This drawing has been produced to be read in colour, for the sheet size specified below. Printing or copying in black and white, or on a different sheet size, may lead to misinterpretation of the design.
  5. Existing surfaces to be repaired/rebuilt as required.
  6. No underground services information has been provided at this stage
